Bose Lifestyle V20 Home Theater System ... The manual is vague and the diagrams will be confusing for first time users, as well. All in all, the system does sound better than other Bose systems we have heard, but that very high price is a concern.

I have the Bose V20 which I received and set up this weekend. I noticed the display showed 2.0 and was wondering what it meant. I have the Panasonic BD30 Blue-Ray player and I was looking at the audio set up instructions in the manual. It recommends using HDMI for video and either component or optical for audio to get the best sound.
