Mechatronic Sleeve.

BMW mechatronic sleeve is located on the passenger's side of the transmission near the automatic transmission. This is where the wire harness from the Transmission Control Unit (TCU) connects the transmission. Unplug the wire harness and inspect for oil contamination.

Could be a clutch or a transmission problem. Try one thing, put the car into fifth and let out the clutch with the engine idling. See if that kills the engine. Normally with a manual transmission if you can put it into gear, let out the clutch and the engine revs without the car moving, then you have a clutch failure.
