The Camp Fire was the deadliest and most destructive wildfire in California's history, and the most expensive natural disaster in the world in 2018 in terms of insured losses. Named after Camp Creek Road, its place of origin, the fire started on Thursday November 8, 2018, in Northern California's Butte County. Ignited by a faulty electric transmission line, the fire originated above several ...

Camp Fire (2018) - Wikipedia

A campfire is a fire at a campsite that provides light and warmth, and heat for cooking. It can also serve as a beacon, and an insect and predator deterrent. Established campgrounds often provide a stone or steel fire ring for safety. Campfires are a popular feature of camping. At summer camps, the word campfire often refers to an event (ceremony, get together, etc.) at which there is a fire.
