When I was a very young child (circa 1960), one of the first books I was given was a 1930 edition of Watty Piper's The Little Engine That Could. I've loved trains since I was a kid and I'm convinced this little tome was an early contribution to what's become an obsession. It would be several years before I realized there is more than one version of the classic children's story.

Watty Piper's 1930 "The Little Engine That Could"

Some reflection on this "little engine that could. Bonnie Black's determination to create a group culture, safely showing its members' strengths and weaknesses as writers, committed to a covenant of unflagging intellectual honesty, all in a warm, generous, collaborative, empathic atmosphere, leaves a special legacy indeed.
