The Marriage of Sense and Thought: Imaginative ...

The Marriage of Sense and Soul: Integrating Science and Religion is a 1998 book by American author Ken Wilber. It reasons that by adopting contemplative disciplines related to Spirit and commissioning them within a context of broad science, that "the spiritual, subjective world of ancient wisdom" could be joined "with the objective, empirical world of modern knowledge". The text further contends that integrating science and religion in this way would in turn, "have political dimensions sewn into

Making Sense of the Modern Marriage

'In The Marriage of Sense and Soul' Ken Wilber brilliantly shows how we can begin to think about science and religion in ways that allow for their reconciliation and union, on terms acceptable to both camps. He proves that science is compatible with the world's religions, and explains why integration is essential for a balanced life.
