### **The "Piping guide" (1976 edition) | Open Library**

Piping designed according to B31.3 has less lifetime than B31.1 due to lower F.S. Reliability of piping under B31.1 should be higher than B31.3; Given that the code is a product of pressure technology, one of the concerns is the pressure-temperature ratings of the components. Each system be it vessel or piping has some base pressure-temperature ...
